# Campus Governance Structures for Student Success

- AASCU Re-Imagining the First Year (RFY) Initiative – guided by a joint academic and student affairs task force. Four “buckets” of work – institutional intentionality, curriculum, faculty, and students.
- Student Success and Engagement Committee – standing committee composed of academic and student affairs personnel. Co-chaired by Crowley and King.

# Student Success Initiatives

- Importance
  - A 1% increase in retention rate can be accomplished at FHSU by retaining just 9 students.
  - 15 to complete - we should be advising full-time students to complete 15 credits per semester for timely degree completion. Our current average is about 12.
  - Belonging – remember that minor setbacks in college for first-time students can be crises especially for students of color and first generation students. Be ready to watch for the signs of concern in your students and intervene. Learn how to use Early TigerAlert (Starfish).
